Dear NE Ohio GIS Symposium registrants, sponsors, and exhibitors,

From everyone at the Northeast Ohio Geospatial Education and Outreach (NEOGEO) Symposium and Developers Summit Planning Committee, we hope that this letter finds you, your loved ones, and colleagues well. These are extraordinary times in the world, and as geospatial professionals, we understand the impact the Coronavirus Pandemic has had, not only on our health but also on the world economy.

In recognition of the residual health risks posed by the Coronavirus (COVID-19) and the important cost-saving measures taken by businesses and organizations, NEOGEO has decided to cancel the 2020 Northeast Ohio GIS Symposium and Developers Summit in Cleveland, Ohio.

The health and safety of our attendees, speakers, sponsors, and exhibitors and their fiduciary responsibilities to their organizations is our top priority. We believe that, given the current situation, canceling the events is for the benefit of all parties involved. The good news is, we have plans to hold the Symposium and Developers Summit in May 2021, so mark your calendars.

We would like to thank all of our partners, sponsors, exhibitors, and registrants for your support and understanding at this time. The planning committee has taken the steps to refund all registration, exhibitor, and sponsor fees.

We apologize for any inconvenience this may cause you. Our sympathies go to those who are affected by COVID-19.

Sincerely,

Thomas P. Fisher, AICP, GISP
NE Ohio GIS Symposium President/Chair
